Dear Mr. Tate,

I want to clarify that I have never been involved with Breaking Code Silence, the 501(c)(3) organization incorporated by Ms. McNamara, aside from responding to the frivolous lawsuit she funded and initiated through this organization against me. I have no history or involvement with Jeremy Whiteley.

I have incurred extensive legal expenses responding to Ms. McNamara's baseless accusations and have suffered severe harm as a result. Further attempts to involve me in matters unrelated to me constitute predatory legal action and harassment. Additionally, I have reported her conduct to the Lake Stevens Police Department and the FBI Cybercrimes Unit, resulting in the opening of a guardian case. This data request appears to be an act of whistleblower intimidation and harassment.

Cease all communication with me immediately. If this harassment continues, I will be filing for a no contact order under the new law, WA RCW 7.105.010.

Sincerely,

Jenna Bulis
